

# Alien Arrivals (The Galactic Mage Series Book 4)

*John Daulton*

The populations on several worlds have discovered themselves to be but part of a galaxy filled with other sentients. Book 4 of the Galactic Mage Series begins a new phase of existence for the people of those worlds, and it follows the lives of Altin and Orli, Roberto, Queen Karroll, Blue Fire, Shadesbreath, and of course, Pernie, as they begin to discover what roles they have in the redefined universe.

Other familiar characters also appear, including the return of Black Sander and the ever-malignant marchioness. Their motives and machinations become increasingly clear, and their ambition, patience and cunning will be put in pursuit of greater power and influence. It's a "new world" in the wide, wide galaxy, and the opportunities are endless ... for everyone.
